

AKADesign | studio & technical furniture

PROWAVE

The ProWave system is a modular desking system which holds various equipment for the audio, post and broadcast industries. The user has the opportunity to create their own personal configuration offering combinations of racks and worktops to suit specific needs. The flexibility of this system has enabled it to be used for grading, editing and radio facilities.

This product range comes flat packed which makes it easy to ship and assemble on site. We offer a *free design* layout service, so if you send us a floor plan of your studio we will fit your ProWave system into the space. We also offer Hybrid with the ProWave range; this means custom sections can be built if required for a specific project.

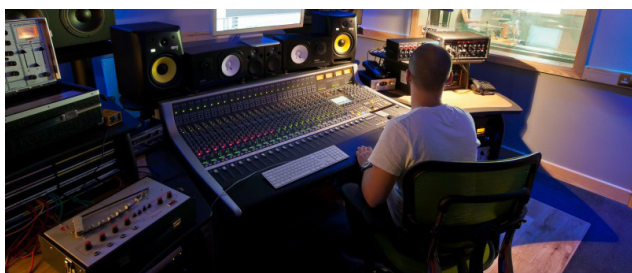

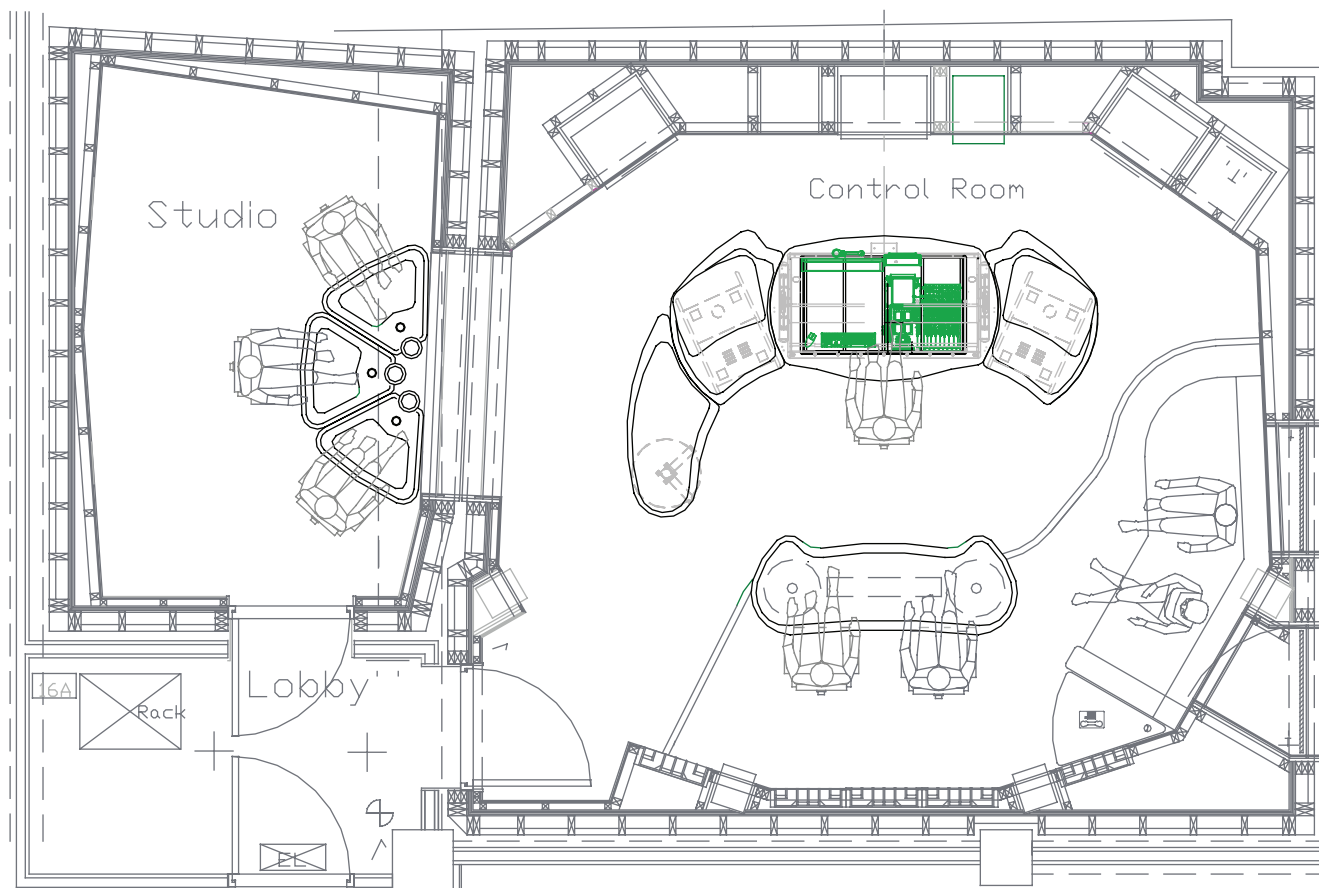

The standard colours are Graphite Grey & Crown Oak or Graphite Grey & Nero, alternative finishes available on request

PROWAVE ordering

Ordering

Please contact our sales team by phone or email, to discuss your requirements. We offer a free design layout service and will send a drawing of your specific configuration and quotation. Once the design and price has been agreed, we will send an order confirmation form for you to check, sign and return. The sales department is open 9.00am – 6.00pm, Monday to Friday.

Payment

All orders require payment prior to despatch.

Fitting On Site

Your new desk will come flat packed for quick and simple construction. We do, however, offer an on site assembly service; please contact our sales team for a quotation if you request this service.
